That means it probably came from EPA since I'm sure Julie did not generate it all by herself – no offence Julie.

**Subject:** RE: List of documents for Upper Animas/Cement Creek

I believe this list was sent to us in response to a question on scope during the proposal stage. I believe the list came from Julie at USACE.

**Subject:** FW: List of documents for Upper Animas/Cement Creek

Jon – How did CB&I generate this list of documents? Did CB&I generate the list or did it come from USACE as part of the task order or??? I'm trying to figure out how to get this list to the EPA records center in an Excel spreadsheet so that they can sort for their search. Thanks.

Phoebe – Here is the list of documents that CB&I is searching for. I know that the documents that have “0” pages have not been scanned – I think most of those are either the Chain of Custody (COC) or Data Packages (DPs). We will have to determine how necessary the COC or DPs are for the tasks. But as a start, I think many of the other documents that have been

scanned could easily be provided to CB&I in an electronic format.

Please let me know ASAP how we can best proceed. Thank you.
